

The CAMP

The day my whole beaver club went to a camp. When we got there we had to get change out of our beaver cloths. When .all of us done that so our first game was wall climbing and I went up the wall three times and it was so fun .I wanted to climb the wall for ever.

After that we went in to a hut which is were we would sleep. After the helper called skip took us for a walk and then he helped us to make a fire. Then we went to the hut and we had dinner and hot chocolate we had a little game of wink murder. The next day we played that again after breakfast. after that we went to the camp fire AND GOT MORE WOOD.

We went back to hut to have lunch yummy yummy yum yum yum yummy and it was very tasty and it was jacket potato with bean' cheese. After lunch we made thing's out of dough. I made a volcano out of dough. We had a little time to rest, then I saw my mummy and was ready to go home. I had such a great time I can not wait for the next one.
